## Passage Two

Every country has its own favorite food. Italians like to eat pizza. Indians like to eat hot food. Japanese like to eat fish.

In England, one of the most popular kinds of food is fish and chips. People usually buy it in a fish and chip shop. They put it in paper bags, and take it home, or to their workplace. Sometimes they eat it in the park or on the road.

The world's favorite food is American fast food. If you go to some important cities in the world, you can find people eating hamburgers and chips.

Fish and chips and Chinese takeaway(外卖) food are very popular in England. But they are less popular in US. The Americans eat takeaway food too, like chicken. But the most popular kind of takeaway food is the hamburger. It looks like bread with meat in it. But the hamburger does not have any pork in it. The hamburgers are also popular in England and Australia.

C. The hamburgers are very popular in England and Australia.  
D. Different countries have different favorite food.

### Passage Three

Life in the future will be different from life today. Between then and now many changes will happen. But what will the changes be?

The population is growing fast. There will be many people in the world and most of them will live longer than people live now.

Computers will be much smaller and more useful, and there will be at least one in every home. And computer studies will be one of the most important subjects in school then. People will work fewer hours than they do now and they will have more free time for sports, watching TV and traveling. Traveling will be much cheaper and easier. And many more people will go to other countries for holidays.

There will be changes in our food, too. More land will be used for building new towns and houses for all the people. Then there will be less room for cows and sheep, so meat will be more expensive. Maybe no one will eat it every day. Instead, they will eat more fruits and vegetables. Maybe people will be healthier. Work in the future will be different, too. Robots will do dangerous and hard work. So many
